EDUCATION

TSSM'S BHIVARABAI SAWANT COLLEGE OF ENGINEERING

COMPUTER SCIENCE ENGINEERING BACHOLER'S

CGPA: 8.3

2021 - 2024

Pune, Maharashtra

DR. D. Y. PATIL POLYTECHNIC

COMPUTER SCIENCE ENGINEERING DIPLOMA

Percentage: 93.66%

2017 - 2021

Pune, Maharashtra

EXPERIENCE

CODITAS LLP | ASSOCIATE SOFTWARE ENGINEER INTERN Pune, Maharashtra | January 2024 – June 2024

- As an ASP.NET Core MVC Developer, I developed and maintained scalable web applications, optimized performance, and ensured security using C#, Entity Framework Core, SignalR, Redis, and RESTful APIs. I collaborated with cross-functional teams to deliver high-quality software solutions.

JASH DATA SCIENCES | FULL STACK DEVELOPER Pune, Maharashtra | July 2024 – Present

- Architected and implemented a scalable recruitment and interview management platform using Django and NextJS.
- Designed and built RESTful APIs for HR, candidate, and interviewer modules following domain-driven design.
- Integrated Langchain & Langgraph for resume ranking and filtering/shortlisting the candidates based on job requirements.
- Managed PostgreSQL schema design, optimized queries, and implemented role-based access controls.

SKILLS

PROGRAMMING LANGUAGES	Javascript, Python, Typescript, C#, Java
LIBRARIES/FRAEMWORKS	Asp.Net Core, Reactjs, Nextjs, Nestjs, Nodejs, Prisma, Socket.io, Django, Langchain and Langgraph
TOOLS / PLATFORMS	Git, Github, Docker
DATABASES	Redis, Postgresql, MongoDB

PROJECTS / OPEN-SOURCE

RECRUITMENT & INTERVIEW MANAGEMENT PLATFORM React.js, NestJS, NodeJS, React-Router, Chakra UI, Rest-API

- Led the development of an internal recruitment platform to streamline candidate tracking, interview scheduling, and real-time status updates.
- Built scalable backend services using Node.js, NestJS, and TypeScript, implementing clean architecture principles.
- Integrated Socket.IO for real-time interview status updates and interviewer availability tracking.
- Designed REST APIs for HR, interviewer, and admin modules; ensured secure role-based access.
- Enhanced team efficiency by automating manual workflows and reducing turnaround time in the hiring process.

CERTIFICATIONS

- Build apps using NextJS v14 using App Router, Next Auth, NextUI, and TailwindCSS! Learn the latest version of NextJS! - **UDEM****Y**
- Build ASP.NET Core Web API - Scratch To Finish (.NET8 API) - **UDEM****Y**
- NestJS: The Complete Developer's Guide - **UDEM****Y**
- Build a Backend REST API with Python & Django - Advanced - **UDEM****Y**
